

Energy Efficiency in the Home

Getting Involved

We're keen to hear your views on how we could promote sustainability and use skills in the community to produce energy efficiency measures such as draught excluders etc. Visit your local community hub for further information.

Introduction

There are a number of ways you can save energy around the home.

Some quick wins include:

- Switching off lights when not needed
- Turning heating down by 1 degree could help save £75 a year (as stated by the Energy Savings Trust)
- Programme your timer on the central heating for use when required
- Only filling the kettle with the water you need
- Keep windows and doors closed to keep heat in
- Fit energy efficient light bulbs to help save £100 a year (as stated by the Energy Savings Trust)
- Fit reflector panels behind the radiators
- Request a SMART Meter so you can monitor energy consumption.

There are other activities you can do to improve the energy efficiency of your home. These include:

- Topping up loft insulation to 350ml
- Installing cavity wall insulation or solid wall insulation
- Installing draught excluders around doors and the letter box
- Installing double-glazing
- Installing a high-efficiency condensing boiler

Further information

You can visit the community hub in Bethesda if you would like further advice sheets regarding sustainability and improving your property. You can also check out the Energy Savings Trust website for specific advice on energy efficiency.

Bod yn Ynni Effeithlon yn y Cartref

Cymryd Rhan

Rydym eisiau clywed eich barn ar sut y gallwn hybu cynaliadwyedd a defnyddio'r sgiliau yn y gymuned i greu mesurau ynni effeithlon fel offer atal drafft ayyb.

Ewch i'ch hwb cymunedol lleol i gael mwy o wybodaeth.

Cyflwyniad

Mae yna lawer iawn o ffyrdd i arbed ynni o amgylch y cartref.

Rhai o'r pethau hawdd yw:

- Diffodd golau pan nad ydych ei angen
- Gall troi'r gwres i lawr o 1 gradd eich helpu i arbed £75 y flwyddyn (fel caiff ei nodi gan yr Ymddiriedolaeth Arbed Ynni)
- Rhaglennu'r amseredd ar y Gwres Canolog ar gyfer pan fyddwch angen ei ddefnyddio
- Llenwi'r tegell gyda faint o dŵr yn union rydych ei angen
- Cau drysau a ffenestri i gadw'r gwres i mewn
- Gosod bylbiau ynni effeithlon i'ch helpu i arbed £100 y flwyddyn (fel caiff ei nodi gan yr Ymddiriedolaeth Arbed Ynni)
- Gosod paneli adlewyrchu tu ôl i wresogyddion
- Gofyn am fesurydd clyfar i fonitro faint o ynni rydych yn ei ddefnyddio.

Mae yna bethau eraill y gallwch eu gwneud i wella pa mor ynni effeithlon yw eich cartref. Mae'r rhain yn cynnwys:

- Rhoi mwy o inswleiddio yn yr atig hyd at 350mm
- Inswleiddio wal ceudod ac inswleiddio wal solet
- Gosod offer atal drafft o amgylch drysau ar blwch post
- Gosod ffenestri gwydr dwbl
- Gosod boeler cyddwyso sy'n ynni effeithlon iawn.

Gwybodaeth bellach

Gallwch ymweld â'r Hwb Cymunedol ym Methesda os ydych eisiau canllawiau pellach ar gynaliadwyedd a gwella eich eiddo. Gallwch hefyd edrych ar wefan yr Ymddiriedolaeth Arbed Ynni am gyngor penodol ar effeithlonrwydd ynni.
